

PIGEON POINT COMMUNITY COUNCIL MEETING MINUTES
DEC. 6
VIVIAN MCLEAN'S HOUSE

This was our annual potluck Winter Holidays event with Pete Spalding, President of the Council presiding, and Vivian Mc Lean as our hostess (even though this year she had just returned from the hospital and was convalescing from surgery.)

1. Pete reported that the grant to purchase the surplused electrical station on 21st and Andover had made it to the second level. He asked us to contact him with any ideas we can think of for the park that we might work into the next round of grant writing. You can “reply” to this email with ideas or to volunteer to help with the writing or proof reading which will happen in February.
2. Recently “The Stranger” newspaper and a couple of t.v. features highlighted the problems we’re having to various degrees on Pigeon Point with interference from the tall radio towers on 21st.
3. Keith and Sharon have been calling the Port Authority representative who deals with the public complaints concerning the train whistles. His name is Mr. George Bramburg and his phone number is 728-3194. Please call with the time and number of whistles (or duration if it’s just 1 whistle that’s very long) if it has bothered you.
4. The venerable Madison Café is open once again for lunch and dinner. There is entertainment some evenings. Neighbor Rawley said he would be playing on some Wed.’s.
5. We’re all encouraged to call the police and report dumped cars or whenever we see something out of place.
6. Not on the agenda but I’ve added as an FYI:

Enough money has been raised for DNDA to purchase the Old Cooper School on Delridge, and the groundbreaking for the Old Cooper School renovation into artist housing and community arts space will be held Sat., Feb. 4, 1-4pm.

Submitted by Sharon Price, sec.
