Light bulbs?

Have you received your free compact florescent light bulb yet? If not we will try and get you one. Please see Pete at the meeting or call him at 933-6587

Pigeon Point Neighborhood Council

4050 20th Ave SW 937-9924

Our next meeting will be Monday, February 12, 2001 at the Cooper Elementary School (19th Avenue and Genesee St. SW) - 7 to 8:30 p.m.

Agenda items will include:

- No Parking signs throughout the neighborhood
- Update on the old Cooper School project
- Spring clean project
- Time for you to ask questions of your Council.

We will also be

discussing recent successes in obtaining additional grant money, and the proposed development of the "Mayer" property

This is an important meeting with a lot of information of interest to many of you. Please try and attend.

Bits and Pieces of Interest

We will use this space to inform you of things going on in your neighborhood. If you

have things you would like to add to this section in future newsletters let us know.

Cooper School has numerous opportunities if you are looking for a way to spend some quality time volunteering.

The council would like to thank everyone that participated in the tree planting project. It was a huge success.

Please remember that the speed limit throughout the neighborhood is 20 mph. Please remind visitors and friends of this. It will help keep us all safe as spring and summer time approaches and many of our neighbors will be out walking. Not to mention the children and dogs that will potentially be following (or leading) these neighbors.

Your Council would also like to have feedback from you on a proposal to remove the no parking signs in the 4100 block of 20th Ave SW. And proposing to place no parking signs on the east side of 21st Ave SW from Genesee south to the stop sign.

We will have Wayne Lennon with the Seattle Police Department at our April Council meeting to give pointers about starting your own Block Watch program.
