Things worth mentioning about Pigeon Point

Tree Planting Project

If your tree had a while plastic tube around the base remember to remove it as soon as possible so that you do not damage the trunk of your tree.

On a dreary and overcast Saturday morning in October a group of hearty souls gathered to participate in planting trees that were received through a City of Seattle program. The project turned out to be more difficult than originally anticipated as the soil in some locations was very similar to digging through seasoned concrete. We were able to get the majority of the trees planted where help had been requested. Even though we had difficulty in some of the areas in digging up the soil we were still able to get a number of trees planted that day. If there is anyone that still needs assistance please call Pete at 933-6587 and we will try and work something out for you. A special thank you to Jane Lanning for organizing the event again this year.

Neighborhood Christmas Party

We will have Wayne Lennon from the Block Watch program at our April Council meeting. Be sure and come to that meeting to find out all of the details about starting your own watch program for your block

The neighborhood council would like to thank Vivian McLean for being such a gracious hostess for the neighborhood Christmas party. The party was held on December 11th in conjunction with our December Council meeting. There were a number of important topics that were discussed. The topics included the ongoing problems that we are having with radio interference on our telephones, the problems that some of our neighbors are having with reception on their cable TV, and the ongoing developments with the Mayer property. We had a very nice turnout and it seemed that everyone was in the holiday spirit. It was also nice to continue to see new faces appearing at our neighborhood functions. A special thank you to everyone that brought food and particularly to those of you that spent a little extra time in helping to restore a semblance of order and cleanliness to Vivian's beautiful home.
