The Pigeon Point Neighborhood has a website! We are including information from the newsletters and recapping information discussed at the Neighborhood Council meetings. We want to keep you up to date on the issues of the neighborhood. We hope you find it useful, even if you can't make it to the neighborhood meetings!

The neighborhood council's e-mail address is PigeonPointCounc@aol.com and can also be accessed from the website.

Included on the website: Updates on the traffic issues on 21st Ave SW, information on the Neighborhood Power Project (free energy efficient bulbs), the Neighborhood Service Center website, a link to the Block Watch Program site, events in the neighborhood at the school(s) and other organizations, a chat board on the topic of the proposed higher radio tower **and more!**

We have included links and information to other websites, which we think you might find interesting. We would love to have any feedback you have to offer. We are still fine-tuning the site and can possibly incorporate your ideas into it! We are also listed with the Seattle Department of Neighborhoods' websites.

We are the Pigeon Point Neighborhood Council!
The Pigeon Point neighborhood is located in West Seattle. We are the bluff directly south of the West Seattle bridge, near Delridge Way SW. Our area is bordered by Spokane Street SW on the north, Delridge Avenue SW on the west, West Marginal Way on the east, and Puget Park/Oregon Avenue (including the new Cooper Elementary School/park property) on the South.
We are a diverse neighborhood, consisting of a variety of old and new homes.
We are proud to have a brand new school in our neighborhood: The Cooper Elementary School at Genesee and 19th Ave SW. Cooper's first school year was the 1999/2000 year. We hold our neighborhood council meetings at the Cooper School.
